ZOO MED LABORATORIES SPECIFICATION SHEET

Product Name: Forest Floor
Identifying Numbers: CM-1, CM-4, CM-8, CM-24

Composition:

COMPONENT NAME	PERCENT OF FORMULA
Cypress Mulch (*Taxodium distichum*)	100
	100%

Product Description
Zoo Med's Forest Floor is a natural cypress mulch substrate great for snakes, amphibians, and tropical species of tortoises. It provides your terrarium with a natural forest floor look, while retaining moisture to provide humidity to the enclosure.

Production Process/Quality Control
The Forest Floor is mulch from Cypress (*Taxodium distichum*) trees that are sourced in the United States of America. The mulch is heat treated for 2 hours at 170 °F (75°C).

Packaging Materials
After heat treatment and drying, the bark is packaged and sealed in new clean plastic bags. These bags are immediately packaged into new clean cardboard cartons. The cartons are palletized and wrapped for shipping.
