### ZOO MED LABORATORIES SPECIFICATION SHEET

**Product Name:** HydroBalls  
**Identifying Numbers:** VC-10

#### Composition:

COMPONENT NAME	PERCENT OF FORMULA
Expanded Clay Aggregate	100
	100%

#### Product Description

HydroBalls™ Expanded Clay Terrarium Substrate can be used as a base layer underneath substrates to create an underground water table in your pet's Terrarium. Add water to create a natural "aquifer" and increase humidity levels for all tropical species. Excellent substrate for live plant root growth in Naturalistic Terrariums®. Use for filtration for a waterfall.

#### Production Process/Quality Control

Zoo Med's HydroBalls is a lightweight expanded clay aggregate made of natural clay that is heated in a kiln to about 2190 degree Fahrenheit.

#### Packaging Materials

Zoo Med's HydroBalls is packaged and sealed in new, clean plastic boxes.
