ZOO MED LABORATORIES SPECIFICATION SHEET

Product Name: ReptiSoil
Identifying Numbers: RSS-4, RSS-10, RSS-24

Composition:

COMPONENT NAME	PERCENT OF FORMULA
Peat Moss	55.0
Humus	40.0
Sand	5.0
Coco Carbon	<1.0
	100%

Product Description

Zoo Med's ReptiSoil is a burrowing and egg-laying substrate for use in tropical set-ups.

Production Process/Quality Control

The ReptiSoil is a mixture of peat moss, humus, sand, and carbon sourced in the United States of America.

Packaging Materials

After mixing, the substrate is packaged and sealed in new clean plastic bags. These bags are immediately packaged into new clean cardboard cartons. The cartons are palletized and wrapped for shipping.
