

# GRASSLAND TORTOISE FOOD CRUMBLES

## GRASSLAND TORTOISE FOOD CRUMBLES

Zoo Med presents our tried-and-true Grassland Tortoise Food in a new, crumbled format. The tiny, irregular pieces are perfect for young tortoises and small species, allowing these animals to easily enjoy our nutritious staple diet no matter the size of their mouth!

Carefully formulated for all life stages by a Ph.D. nutritionist to replicate grassland tortoises' natural high-fiber and low-protein diet. Contains coarsely ground timothy, *Miscanthus*, and alfalfa grasses to provide important long-stem fiber. Cold-pressed milled production maintains the integrity of all the long-stem fiber. Made with enticing fresh endive, escarole, and dandelion greens. Contains a source of live (viable) naturally occurring microorganisms. These probiotics help maintain digestive health crucial for hind-gut fermenters like tortoises.

### GUARANTEED ANALYSIS:

Crude Protein.....(Min).....	8.5%	Calcium.....(Min).....	0.9%
Crude Fat.....(Min).....	1.9%	Calcium.....(Max).....	1.5%
Crude Fiber.....(Max).....	25.0%	Phosphorus.....(Min).....	0.4%
Moisture.....(Max).....	13.0%	Ascorbic Acid (Vit. C).....(Min).....	45 mg/lb (99 mg/kg)
